THE TEAM FOR YOUR CERTIFICATION

Together, we are going to revolutionize the concrete block industry.

As part of the TOPWERK GROUP, a globally active group of companies for high-quality manufacturing technologies, the HESS GROUP is the leading supplier in the field of board pavers. Since our foundation in 1948 until today, we have been able to develop into the world market leader of future-oriented concrete block plants and associated concrete mixing plants. The heartbeat of the company lies in the performance of its designers, engineers, experience and qualification of its electronic technicians, fitters and mechanics.

KORTMANN

In 3rd generation, Kortmann stands for innovation and progress. Having raised our standards year after year, we now proudly present ourselves as a company with more than 130 employees. After 70 years of experience in the construction trade and almost 50 years of special focus on concrete, we are well-established in the industry. Our experience covers the manufacture of high-quality design pavers, patio slabs as well as prefabricated foundations. We want to share not only our passion for concrete but also our expert knowledge with the SmartAcademy participants.
