

More efficient

## SYSTEM OPERATION & MAINTENANCE

through training of your employees

### Face-to-Face

Direct contact with the trainers guarantees an optimal transfer of know-how.

### Practical

The hands-on training courses enable participants to perform their tasks more routinely and increase the efficiency of the plant.

### On-site

We carry out the training courses directly at your plant and provide practice-orientated knowledge.

### Blended learning

Combination of online modules and face-to-face training. You benefit from the advantages of both formats.

### Online

Your access to the digital HESS training programme can be easily reached in the HESS SmartCloud.

## OUR KNOW-HOW - YOUR ADVANTAGE

BE PART OF  
OUR EVOLUTION...

HESS Group GmbH

## YOUR ADVANTAGES

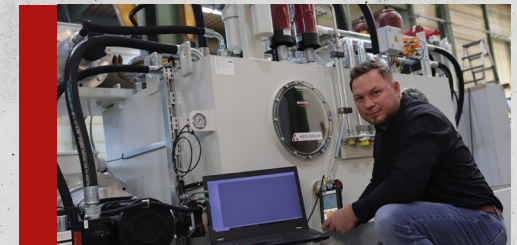

- Face-to-face training provides best practices for more efficient work and increased productivity of your concrete block and paver machine. The SmartAcademy helps employees to complete tasks more effectively and with less stress.
- Optimised workflows and processes shorten setup times, reduce costs and increase production efficiency.
- The SmartAcademy expands expertise and enables continuous training for your employees.
- Digital content is available to you anytime and anywhere via the SmartCloud.
